Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Thursday 19 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Showers develop with some sunny spells between. Clearing tonight.

Today:
After a drizzly start to the day cloud will start to break up before heavy showers cross the region. Sunny spells possible between downpours, particularly in the afternoon. Maximum temperature 19 deg C (66 deg F).

Tonight:
Daytime showers begin to ease into the evening leaving a cloudy, but mostly dry night with some clear spells. Fog possible in clearer areas. Minimum temperature 14 deg C (57 deg F).

Friday:
A cloudy but dry start to Friday before a band of rain moves in from the west into the evening. Maximum temperature 18 deg C (64 deg F).

Outlook for Saturday to Monday:
An unsettled weekend, with heavy rain showers on Saturday and further heavy, possibly thundery, showers on Sunday. Becoming more settled into next week with some sunny spells possible on Monday.
